ISfTeH Virtual Education Presentations

Jointly organized by ISfTeH Working Groups
Students, Nurses, Social Media

Based on the outstanding quality and approval of the very interesting webconferencing sessions held in 2016, the ISfTeH is very proud of announcing and inviting all of you to attend the Program of Webinars in 2017, a series of multiseat webconferencing sessions organized and presented by three ISfTeH Working Groups - Students, Nurses and Social Media.

Once again, this activity will be transmitted via the ISfTeH AnyMeeting Webconference Platform. Access to the webinar will be limited to 200 attendees, with access available on a first-come first-served basis. All ISfTeH affiliated members are invited to attend it on a free of charge basis.
